

To the FCC:As part of a growing group of XM Satellite Radio listeners, I support all services provided by my XM Radio. As a frequent traveler, I benefit from the traffic and weather channels offered to stay abreast of current travel conditions. My XM radio has made travel a pleasure. It provides variety and quality that are not available elsewhere. I PAY for there services and it should NOT be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,

Janet T. Phillips
